INSURANCE

B&D Equipment Rental maintains comprehensive insurance coverage through carriers with A+ or higher rating for:

- General Liability
- Excess General Liability
- Workers Comp Contractor's
- Pollution Liability
- Auto Pollution
- Auto Liability
- Bonding Capabilities

COMPLIANCE

B&D Equipment Rental has developed a Driver Compliance Software Program which maintains and monitors Subcontractors/ Owner Operator driver's compliance. B&D Equipment Rental maintains all required driver qualification file documentation and monitors information such as a driver's commercial Driver License, Registration, Insurance, Motor Carrier Permit (MCP), Public Works Contractor Registration (PWCR), Transportation Worker Identification Credential (TWIC), Drug and Alcohol Program, Environmental Permits and Approvals (EPA Permit), and United States Department of Transportation Number (USDOT). B&D Equipment Rental's quality control process ensures any drivers dispatched to a project location have all current required licenses, permits and insurance, B&D Equipment Rental will not dispatch any driver or truck without current documentation. This software allows for scanned copies of such permits and certificates to be readily available as requested by our clients, as well as any specific insurance needs as a client may need prior to hiring.

TRANSPORTATION SERVICES

- End-Dump Service (Both Hazardous & Non-Hazardous)
- Container (Drum/Bag/ Box)
